LOFS Lions Club presents four worthy high schoolers with \$500 scholarships for college

"We are so pleased to present the 2020 LOFS Lions Scholarships Recipients. The recipients were honored on Wednesday, August 12, at the LOFS Lions Park, the Lions Club announced in a press release.

The Lions are an international organization and their mission is to empower volunteers to serve their communities, meet humanitarian needs, encourage peace and promote international understanding. Their volunteers work to serve their communities and to better the world, hence, their scholarship topic of 'Make This a Better World'. They received many applications that were worthy of scholarships but could only award four.

A committee of Lions met to select the recipients. Names of all students were

Award recipient Blake Piazza and Lion Chairperson Yolanda Hernandez.

eliminated from the essays. Writing rubrics were used to score the essays and to ensure an objective process. Selection was not an easy task. The four selected already have proven volunteer services to our community and best exemplified the mis-

sion that we Lions hold dear. Alexander James Kobus from Boone Grove H.S. will be attending Purdue University West Lafayette and is pursuing a degree in Computer Science. His career goal is to become a programmer.

Award recipient Skylar Kroner.

Skylar Kroner from Crown Point H. S. will be attending Florida Atlantic University Boca Raton and is pursuing a degree in Criminal Justice. Her career goal is to work for the FBI.

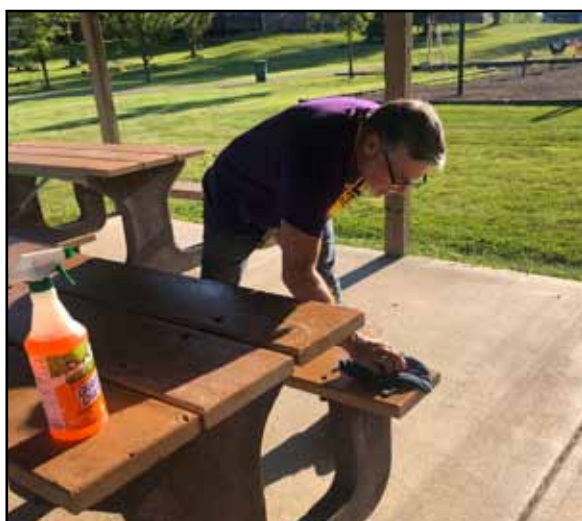

Blake William Piazza from Boone Grove H. S. will be

attending Indiana University Bloomington and is pursuing a degree in Human Biology. His career goal is to become a pediatrician.

Jacqueline Woldt from Crown Point H. S. will be attending Indiana University Bloomington and she is pur-

suing a degree in neuroscience. Her career goal is to become a psychiatrist.

LOFS Lions President Juan B. Hernández presented the certificates and \$500 scholarship checks. Congratulations and Good Luck to our worthy recipients.

House & Garden Club

August Yard of the Month belongs to Linda Koblack at 3009 Sunrise

When someone asked Linda Koblack if she had won the coveted yard of the month title, she laughed. Take a ride by 3009 Sunrise and please reassure her she is a contender. Always well tended, quarantine brought out Linda's green thumb and things have never looked better! So her fellow committee members gave her arm a little twist and are happy to say Linda has our August yard of the month.

Linda grew up on the Southside of Chicago, just a mile away from Lake Michigan and almost across the street from Republic steel. Her mother was a gardener, and Linda admits she never helped her mom at all. Most of her life she has been too busy to spend much time on hobbies. She and her husband Walter had two daughters, Colette and Suzette. Walter was a mill pipe fitter/welder. They met on the CTA bus

and married five months later. They celebrated 52 years of marriage before he passed away. Suzette, a certified registered nurse anesthetist at Munster community Hospital, has two sons AJ 21 and Anderson 9. They've spent lots of the quarantine together at Round Lake Michigan.

Linda has reinvented herself many times. In addition to attending beauty school at 30 and taking computer training at 40, she has worked for Chicago tourism, McCormick Place, at several banks, for the Indiana toll Road, and Christian village doing jobs from payroll to group travel

(Aug. YOTM Cont'd Pg 2)

House & Garden Club

September's Yard of the Month honors go to Chris Barnett and Michael Helwig of 2098 Hidden Valley Drive

It can be a little daunting to move into a new neighborhood especially when that neighborhood is old and established like the Seasons. But Chris Barnett and Michael Helwig and their two boys, Nate 10 and Cole 4, not only know all their neighbors, they say they are "blessed" to have such wonderful neighbors. Their house has become a Hidden Valley landmark, first because of the seating area with its copper globe fire pit focal point, and more recently a koi pond. These are right in front of the house, and the family enjoys being where they can see and socially distant communicate with everyone passing by.

Chris, an Asheville NC native who grew up in Kingsport TN, works from home for Bank of America, and Michael, one of 8 children, works for his family's construction company in Oak Forest IL. They met in Atlanta, lived in Chicago for a while and then in Bolingbrook. When they decided to move to Indiana, there were two places they were interested in, but LOFS seemed like

(Sept. YOTM Cont'd Pg 2)

POA Community Manager

By Rick Cleveland,
Community Manager

Children are back in school so please use caution when driving through the community especially around school busses. It is illegal to pass stopped school busses.

Speeding Throughout the Community

We continue to receive complaints about people driving too fast throughout the community. This will not be tolerated and the Public Safety Department has been issuing citations to those who are caught. You will not receive a warning. *The speed limit inside Lakes of the Four Seasons is 20 MPH unless otherwise posted.*

Speed Bumps

We have placed several

speed bumps throughout the community to help slow vehicles down. Please slow down and use caution when driving over them.

Be "Pet Smart" and Considerate of Our Public Spaces

Pet owners should be aware that their animals are not permitted to do their business, either #1 or #2, within any of the public spaces we share as a community. This includes the beaches, the grassy areas around the beaches, the sports fields, and parks. Please pick up after your pets when walking them along road berms as well. We have a Dog Park that all residents are welcome to join. Please be mindful of this as it is a nuisance and needs to be addressed.

Rick Cleveland

Summer Concerts

- Thursday, September 3 – The Aftermath
- Thursday, September 10 – Overdue
- Thursday, September 17 – NAWTY
- Thursday, September 24 – Righteous Hillbillies
- The final concert will take place Thursday, October 1 – Sticky Scissors

A concert will be cancelled if there is any inclement weather. Due to the ongoing pandemic, in order to continue having these concerts we

must adhere to the Executive Order set by the Governor of Indiana and the Lake County Health Department. You will notice signs with relevant information as well as hand sanitizer stations throughout the Seasons Lakehouse grounds.

I want to thank the Operations and Public Safety Departments for the extra work they have been doing throughout the concert season.

Culverts & Driveways

You must apply for a permit if you plan on replacing your driveway and/ or drainage culvert.

In order to make sure property owners are installing the proper size culvert and installing them at the proper elevation property owners must apply for a permit at the POA office. Even if you're just replacing your driveway this is the perfect time to replace the drainage culvert if the POA deems it is

necessary.

Fall Branch Collections

Fall branch collections will begin on September 8 and continue until the final date of September 17 for the Lake County portion of the community. Piles must be placed out on or before September 16 date but no sooner than 7 days prior to September 8.

There will be no collections after the September 17 date.

Fall branch collections will begin on September 21 and continue until the final date of September 30th for the Porter County portion of the community including Beachview Ct., Sandy Beach Dr. & all of Forest Ln. Piles must be placed out on or before September 29 but no sooner than 7 days prior to September 21.

There will be no collections after the September 30 date.

There will be no more collections once the crew has serviced your property.

Nothing larger than twelve (12) inches in diameter will be collected. Do not mix rubbish, roots, dirt and yard waste with branches

We will collect branches that have fallen due to storm damage. Please contact the Operations Department so they can schedule a collection.

New Restaurant Manager at the Seasons Lakehouse

Please come to the Seasons Lakehouse for great food and drinks and to meet the new restaurant manager; Jay Detloff.

Jay has over 25 years of Food and Beverage experience. He has worked for Caesars Entertainment, the MGM and Station Casinos in Las Vegas. He has also worked at Square Roots on the square in Crown Point.

Welcome to The Lakes of the Four Seasons Jay!

(Aug. YOM from Pg. 1)

planner. She's retired now and "doesn't want to work at all". She can finally take advantage of what our community offers, a place to feel safe with the good friends she has made here. She enjoys the health club, the seasons pool, Lions Club and the House and Garden Club.

Her garden is a reflection of herself. Resurrection Lillies transplanted from Colette's yard are a living memory of her beloved daughter. You'll find bright colors and beautiful baubles collected from everywhere she goes. There's even a miracle marker. While Linda was still convalescing and rehabbing from hip replacement surgery some friends convinced her to come out for the afternoon with them.

She hobbled along with her walker to the point of exhaustion, until, all of a sudden, she spotted the most beautiful, bright Mexican flower pots ON SALE. Her friends say the walker was unnecessary as she ran to claim her prizes and check out before anyone else could grab those pots.

Linda's yard is as much fun as she is, and that says so much. Thank you for sharing with us, Linda.

(Sept. YOM from Pg. 1)

the perfect spot to raise their family. The house and yard needed a lot of work, and they wanted to make the lake level into a home for Chris' mom, Jane. November to June were spent making improvements, inside and out, and it is a showstopper, front and back.

Not really gardeners, they designed the yard with minimal upkeep in mind. They made mistakes, and had to redo some things, but you'd never guess that. Chris is all about form and perspective, so things had to be balanced. His mom loves angels and takes care of the roses. They all love whimsy and wanted fun things for the boys so things couldn't be too structured. German Shepard Gypsy and Brussels

Griffon Gabe have a dog run. Everyone picked out a fish and named it for the pond. There's a very large family of concrete bunnies hiding throughout the garden. It's Michael who masterminds the Halloween and Christmas decorations.

Among the 192 plantings you'll find hydrangeas, grasses, coral belles, onion belles, water plants, Chinese Maples, Lace Leaf Maples and Weeping Cherry trees. All kinds of wildlife wander through including cranes, ducks, geese, deer, muskrats, bunnies and squirrels. Robins have made a permanent nest in one of their light fixtures.

The boys attend St. Mary's School, and along with the first-rate curriculum, they couldn't have been more impressed with the annual spaghetti dinner put together with military precision by faculty and volunteers. Among other jobs, on the day of this year's dinner, Michael was the official sauce taster/ tester.

During quarantine Chris was able to take a break every day, and he and the boys would head out on their golf cart making new discoveries and friends along the way. A favorite destination is the 19th Hole where Chris was delighted to find gluten-free menu items and the most accommodating team of servers.

Situated on the deepest part of Bass Lake, their shoreline is a popular fishing spot and is often crowded with boats especially early in the morning. If you're out there and see a couple of bleary-eyed guys looking out the window, be sure to say hello.

LOFS straddles the local continental divide

By Walt Pluchinsky, LOFS Historical Society
(Note: This article contains updates from one authored by the writer and previously published in the July 1999 Seasonal)

Lake water came to the Winfield area in 1997, as a pipeline was laid southward along Randolph St. from Route 30, to furnish Lake Michigan water to the newer Double Tree Lakes developments, to other surrounding commercial interests, and to subdivisions west of Randolph. There were rumors that the Four Seasons would get lake water. Most likely, the LOFS will never obtain lake water because of a geological phenomenon, a continental divide, which traverses our area, diverting water to both the Lake Michigan and the Mississippi River watersheds. When LOFS was developed, the sewage treatment plant, located just south of 123rd Ave., was designed to drain into the Kankakee River and Mississippi River watersheds and ultimately into the Gulf of Mexico. As the town of Winfield was being developed, it was permitted Lake Michigan water because the effluent from its sewage treatment plant,

located south of 109th Ave. behind the Meadows subdivision, drains into Deer Creek and ultimately back north into Lake Michigan. Under an international agreement among all Great Lakes states and Canadian provinces, Lake Michigan water cannot be diverted out of its watershed without unanimous approval of all participating parties. Locally, the town of Lowell, which has high fluoride in its well water, lies in the Kankakee River watershed, and was unsuccessful in the 1990's in several attempts to get approval for lake water. The dividing line between the Lake Michigan watershed, leading to the Atlantic Ocean, and the Kankakee River watershed, which flows to the Gulf of Mexico, passes through LOFS. With a little investigative prowess and some knowledge about topography, that imaginary line--the local continental divide--can be determined. The accompanying map can be used as a guide to locate it. The divide crosses County Road 100S as a small ridge just east of County Line Road and enters LOFS in the 1300 block of Brandywine Road. It goes south through the open field used as our golf course's practice driving range, between No. 1 and No. 18 fairways. The divide may go through the golf cart park-

ing lot at the pro shop, then proceeds across Sunnyslope Drive, goes south on Country Club Drive for a bit, then casually crosses No. 9 Fairway to Knollwood Dr. The divide crosses Lake Shore Drive, then skirts its west side downhill, then traverses uphill on the east side of Sunrise Drive. It crosses Sunrise and emerges at a point where Sunrise and Kingsway Drive meet. If one stands in the middle of the intersection of Kingsway and Sunrise, looking southwest, the divide is visible as the middle of Sunrise for several hundred yards. Although higher ground is nearby, the development of LOFS has made Sunrise at this location as the continental divide. It then veers through several lots,

skirting No. 12 green, crossing Ravenswood Drive, then south across Westover Drive to Parkwood Place. The divide then runs along the north side of Parkwood, crossing a small ridge into Lions Park. In the park, the divide is hard to distinguish, although it may very well pass through the new picnic pavilion. (Most water in the park drains southward.) The divide crosses Kingsway as a rise in the road, skirts the backyards of several houses on the west side, then exits LOFS as the crest of the hill just beyond the 117th Ave. gate. Lastly, it crosses Randolph St. as a small ridge just south of Ace Hardware. Although most of our residents don't realize it, there are a number of houses in

LOFS that are exactly on the divide, and rain water falling from their roofs theoretically can flow to both the Atlantic Ocean and the Gulf of Mexico. A few houses that have this phenomenon include 1032 Lake Shore Drive, 2998 Sunrise, 3010 Sunrise, 3053 Sunrise, 4108 Ravenswood, and 3806 Kingsway. More homes can claim the same distinction. So, if you're riding around LOFS, it might be interesting to find the divide, or perhaps also to see if your home might indeed be a conversation piece.

Gardens Around the Community suggest cooler temperatures lead to perfect gardening

Now is the perfect time to garden. With cooler temperatures and rain (fingers crossed) mother nature will do all the work for your newly planted garden bed. Some plants we would recommend not to plant until Spring are Butterfly Bush (Buddleia) and Ornamental grass. The warm weather that Summer provides encourages their growth to sustain them throughout our unpredictable winters.

Hydrangeas are showing off their colors. From shades of red, chartreuse green, and bountiful white. I can see the Pavilion from my backyard. The Limelight Hydrangeas look amazing even from a distance. Vanilla Strawberry Hydrangea with its creamy white color that slowly fades to a pink is in full bloom. It sits on the edge of the same flower bed. Be sure to check this beauty out.

The newly planted Pollinator Garden is doing lovely. It will be a joy to watch this garden bed flourish throughout the years. Remember this area will not be cut down in the fall. That way the plants can naturally reseed for next Spring. Kim captured a beautiful picture of a bee actively working hard in this area. Be sure to check out all the pictures that go along with this article. Kim captures amazing pictures. Can you believe they are all taken on her cell phone?

Men's hole #3 is a must see. Zinnia's that Kim had planted have the area covered in a mass of striking color. They are simply gorgeous.

Tulips will be on sale through the LOFS Garden Club. It is a great way to purchase bulbs. The bulbs are the same brand that we plant in the Fall for Spring display. You will not be disappointed.

With cooler weather just around the corner, have fun planting some radish, lettuce, turnip, collard, and mustard greens, and just about any cool weather vegetable. It is a great time to experiment and try something new. If you harvest them when they are small, they are just as delicious and are called baby greens. Try it and see if you enjoy the flavor.

How many of you had Monarch butterflies visit your yard this summer? I know I did. Perhaps it was the Swamp Milkweed I planted. Or maybe more of you were inspired to go outside and plant some flowers. From what I saw there were many newly planted or expanded garden beds put in this Spring. Not to mention #6 on the golf course has an abundance of Swamp Milkweed. And number 10 has a naturally planted area of Milkweed. Milkweed is essential to the Monarch Butterflies survival. Not only do the Monarch Butterflies eat from these plants, they lay their eggs on them, which grow into a cat-

Bee in Pollinator Garden

School of baby fish at Walt's Pond

Vanilla Strawberry Hydrangea Behind 19th Hole

Zinnias Men #3

erpillar. That caterpillar then eats from the Milkweed, creates a chrysalis on that very same Milkweed where it then turns into a, you guessed it, a Monarch Butterfly.

A Monarch Butterfly's life span is only two to six weeks, except for the last generation of the year, which lives up to eight or nine months. This last generation is larger, can fly longer, so it can reach Mexico to over winter.

Milkweed plant excretes a nasty taste that only Monarch caterpillars fancy. In turn that makes the Monarch caterpillar undesirable to birds or other predators. If a bird eats a Monarch caterpillar it becomes deathly ill, lesson learned.

Without Milkweed we have no Monarch Butterflies. So along with planting your Tulips this fall, how about a plan to plant some Milkweed next Spring. The Monarch Butterflies will thank you for it!

Public Safety Department

By Craig Philp, Public Safety Director
Licensed Drivers on POA Roads

Officers from this department are still stopping a lot of kids driving around on golf carts. In some cases, we are finding while they look young, they do possess a valid drivers license. However, there are still kids found without a license who either

have parents who know and think it is ok that they are out, or who are completely unaware due to the hours they work. We have stopped or chased home some kids that were out harassing people in the neighborhood or, reported to be driving reckless around the streets or golf course area. They were ordered to take the cart home and tickets were

sent to the address on file. In most cases impounding has never had to happen, but tickets have, and in some cases other avenues have to be considered. The POA has the authority to deactivate or confiscate any issued POA decal / barcode. It does not matter if it is on a boat, golf cart, or car, it's still a convenience issued to our residents to help enjoy the areas of the community.

Anyone driving on State issued driving permits still must follow the State restrictions: You may practice driving with a learner's permit only when accompanied by

a licensed driver with valid (not expired, suspended, or revoked) driving privileges who is at least 25 years of age, or with your spouse provided he or she is licensed and at least 21 years of age or older.

New license holders must adhere to the following rules: You may not drive with passengers for 180 days after getting your probationary license, unless you are also accompanied in the front seat by a licensed instructor, an individual with a valid driv-

er's license who is at least 25 years of age or a spouse who is at least 21 years of age. Also, you cannot use any type of telecommunication device while driving unless you are calling 911.

Do Not Drive on Dams

The south end area of Lake Holiday is used often by our residents for fishing, exercise, or quick switch over from Lake County to Porter County when out walking. As of recent we have noticed that someone has been intentionally damaging these access gates on both sides in order to drive their golf carts through.

The POA strictly prohibits any golf cart(s) from travel-

ing through this section of POA owned property. We need to avoid any form of erosion to the dam as well as stop any other incidents from occurring which is why the area is restricted. Anyone found to be driving any motorized vehicle through this area can be cited for illegal use of POA property. Those found to be habitually violating this rule are subject to having their golf cart amenity revoked for the remainder of the year.

Indiana Department of Education recognizes all Indiana teachers as 2021 Teacher of the Year

The Indiana Department of Education recently recognized all Indiana teachers collectively as the 2021 Teacher of the Year. Traditionally, one educator each year is recognized.

“The COVID-19 pandemic brought new complexities and challenges to schools with no advance warning,” said State Superintendent Dr. Jennifer McCormick. “Teachers across our state have displayed a level of flexibility and commitment, underscoring the fact Hoosiers really are #INthisTogether.”

For more than 60 years, IDOE has conducted the

Teacher of the Year program to recognize outstanding classroom teachers from across the state. The program’s mission is to inspire, rejuvenate, and celebrate the teaching profession. While the traditional process will resume with the 2022 selection, IDOE is proud to take this opportunity to recognize all of the dedicated educators serving Indiana’s 1.2 million students during these nontraditional times.

For more information regarding the Indiana Teacher of the Year program, please visit: www.doe.in.gov/toy.

House & Garden Club

By Mary Cavallini

June 30 was a hot, sunny day, perfect for what has happily become the annual club golf course tour. Guides and LOFS gardeners extraordinaire Kim White and Timburley Ecklund answered questions, pointed out plants not necessarily known to flourish in the Midwest, and, as always, acted like their efforts are all just in a day’s work. We know better. These women are artists. Lunch was served by the 19th Hole at the outdoor pavilion, a perfect day to reconnect friends socially distanced and oh, so happy to be together.

Early on the morning of Tuesday, July 28, ways and means committee members gathered at the 19th Hole with carloads of treasures

collected the past several months. Artfully displayed themed baskets for a live auction, silent auction valuables and \$5, \$3 and \$1 trinkets of all kinds waited for club members to arrive and start shopping. President/auctioneer JoEllen Simoni kept things lively and sometimes had to referee spirited bidders. Cheeseburgers “de-luxe” were on the menu, and no one went home hungry or empty-handed.

A big thank you to the 19th Hole for accommodating our needs with great food served safely and cheerfully and to our board JoEllen Simoni, Char Bolka, Sherry Gasparovic and Mary Grveles for all the time they’re spending to ensure safe and fun programs.

LOFS Fire Force

LOFS Fire Force Golf Outing September 11
Our 2020 golf outing will be held Friday, September 11 at the Lakes of the Four Seasons Country Club located at 1048 North Lakeshore Drive in Crown Point. Registration begins at 10 a.m. followed by a Shotgun Start at noon.
The cost for green fees, cart, and a packaged meal will be \$100 per ticket. There will be special pricing for LOFS CC members at \$60 per person.

Be sure to sign up as early as possible as we are limited to 144 golfers and spots will be filled on a first come-first served basis.
There will be a variety of contests throughout the day including longest drive, closest to the pin, and prizes for the 1st, 2nd and 3rd place teams.
Please fill out the foursome registration form by going to <https://forms.gle/AUNTPtBMJzwT18EmN6> AND reserve your spot by visiting <https://bit.ly/2wislbD>

and ordering your foursome as soon as possible to guarantee your spot in the golf outing. Foursomes are recommended but not mandatory.
If you need to pay via check please complete the registration form above online and mail a check to: LOFS Fire Force, 745 WEST 275 SOUTH, Hebron, IN 46341.
Please ensure that the team captains name and golf outing is in the memo section. We will email you your tickets once we have received the check.
For more information on obtaining sponsorships or help obtaining tickets you can contact us at 219-662-7576 ext. 131 and leave a voicemail or by emailing us at golf@lofsfire.com

Lions Club

Fall Clean Up

Saturday, September 12th 9am to 12pm

Winfield Gov. Center Back Parking lot

10645 Randolph Street

Commercial Shredder & Dumpsters

Electronic Recycling is no longer available at this event. Visit LCSWMD.com for Lake County Solid Waste Management District's Hazardous Waste Collection Schedule.

It is at the Street Department and Commercial Shredder Operator's discretion on how many boxes of shred material is allowed for those with large amounts of shredding.

NO Hazardous waste such as motor oil or gasoline. Paint is no longer being accepted. Dried out paint cans may be disposed of through your regular garbage service.

Masks are recommended for the safety of our volunteers. Please bring a donation for your local food pantries and animal shelter. Sponsored by the Town of Winfield, Winfield Township and LOFS Prop. Assoc.

Summer Concerts end season with a variety of musical genres

The Aftermath
September 3, 2020

Contrary to how most bands describe themselves, The Aftermath like to keep the self-accolades to a minimum and let the music do the talking. Of course, there are some basic facts like the band resides in the state of Indiana; that would be irresponsible to not share. They are a rock band consisting of all kinds of sounds like drums, guitars, more guitars, keyboards. At times dirty and heavy, or ambient and unresolved, it's music that is appropriate to work up a sweat to in a dirty basement.

Overdue
September 10, 2020

Overdue is a high energy "Party Rock Band" that has been playing the local region for over 15 years. Overdue plays a wide variety of up-beat party tunes to keep the party going all evening long. The band will mesh today's hits along with anything from yesterday to today's favorite country songs. Anything from Elvis to Joan Jett, Rick Springfield, Kid Rock,

Nawty
September 17, 2020

Nawty has been around for 13 years playing the NWI music scene. with a few lineup changes along the way that was completed in 2011. High energy, high entertainment, high crowd involvement and just an overall good ole rockin, fun show for everyone. We cover a vast array of musical genre's from Motown on up to current chart toppers. A great local following and everyone is super approachable and easy

Righteous Hillbillies
September 24, 2020

Righteous Hillbillies are a rock 'n' roll band launching a revival of the Southern spirit of blues boogie, soul groove, along with the primal and visceral energy of rock 'n' roll power. Their hometown of Joliet, Illinois is not the likeliest headquarters for one of America's best Southern Rock bands, but Righteous Hillbillies put the map of convention in the shredder a long time ago. With every Allman Brothers or Stax-Volt style lick, and impassioned and intense shout in a mode and method similar

Sticky Scissors
October 1, 2020

In the interest of music that entices your senses Sticky Scissors Band drives the boundaries of your favorite cover music. Influenced by many this group of NWI musicians delivers musical gold with an amazingly deep vibe. The act supplies a delightful vocal tandem fueled by a great core with edge and backbone. Meet the band: Justin King - Vocals/Guitar - A powerful vocalist with an angelic feel. His sultry singing has been captivating audiences for years. He is known and loved for his excellent guitar work

Some may even say that these four guys and one girl are quite hedonistic, because they are all about doing what feels good. It feels good to be bad, but, you know, the good version of bad.

Matchbox 20, Green Day, Cheap Trick, Bryan Adams, Bon Jovi, Luke Bryan, Neil Diamond and many more. Band members are Dave Perez – Guitar; Noe Perez – Bass; ; Nick Wein – Drums; and Doug Clapp – Vocals.

to talk and have fun with. We take great pride in catering to the fans. During the shows we rarely take more than two short breaks and that puts more of our music out to you...the fans...Always up for song suggestions and bringing the music that people want to hear and rock to, night after night. We have developed a very large fan base that all of the local clubs appreciate. We appreciate each and every person that comes out to support us at the shows and try to really get to know the regulars.

to Chris Robinson, Righteous Hillbillies are an axe shredding, ace dealing demonstration of Southern Rock vitality and the value of authenticity. After a recent live performance at a music festival, music critic David Masciotra, author of Mellencamp: American Troubadour, said, "Righteous Hillbillies stole the show. Their high level of skill, energy, and intensity will make anyone dance in one moment, and then knock the wind out of them the next."

and beautiful voice. A true rocker and master of his art. From charting an original LP on Billboard with is original act OYE or touring internationally, Justin King is a true showman for the ages. Dave Doehring - Vocals/Drums - Where rhythm meets harmony. Dave gets the house rocking with monster beats along with producing dynamite vocals from the heart of the band. He is a figure head of good music on the local scene AND The Mayor of NWI (official). Jeff Blatherwick – Bass -Low and Sticky. Jeff brings a feel to the instrument and pours life into his work. Keeping the band glued with edge and soul, Jeff will get ya up on the down stroke and plaster some rock n roll against your earballs.

SEASONS

Lakehouse

Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs, may increase risk of food borne illness.

Keenagers

The Keen-Agers will have their next meeting on September 17 at the Seasons Lakehouse. The bar will open at Noon with a delicious luncheon being served at 1 p.m. Entertainment is scheduled for 2 p.m. and will be the talented singer and dancer Dave Alamillo. After a short meeting adjournment will be around 3 p.m.

The club is open to anyone 50 and older, regardless of residency. Yearly membership dues are \$25 and the monthly luncheon cost is \$15, which includes entertainment and tip.

The Annual August Auction was Awesome bringing in \$1,000 to the club! The 16 fabulous baskets made by our very own Sue Kalinowski & Rita Jerome were raffled off plus 6 donated gift certificates were on the bidding block that included the Lakehouse/19th Hole, Dunkin, Speedway, Olive Garden and Red Lobster. Thanks to everyone who helped make this such a roaring success! Kudos to Kathryn Halterman for her generosity.

The Diamond Tour bus vacation has been rescheduled for September 2021; most of the same people will be going next year. The casino booking for Four Winds is on hold until the buffet reopens, hopefully soon? Concert for Aftermath on September 3 will have the Keen-Agers collecting donations for the club; don't forget there is no parking fees so be generous to the seniors. Old and new events will be added as permitted in the future.

Please read The Seasonal for all their information and updates and friend them on Facebook where Lynda Gustafson will be posting all the fun pictures she took.

A special 'Thank You' to Rick for letting us use the Lakehouse and the new manager Jay and his staff for the great service and food. Anastasia makes a mean Bloody Mary.

Golf Maintenance

By Doug Weiss,
Golf Course Superintendent

Summer is finally over, and it is time to look forward to fall. This summer has been one for the record books.

June, July, and August have been extremely hot and humid for prolonged periods of time. Usually we get a few three to four day stretches of 90 plus degree heat and then

it cools down. This year it just seems to last for weeks at a time.

Our area has had more than 30 days above 90 degrees. The nighttime temperatures have been 70 degrees and above not giving the plant enough time to cool down and recover. The fairways have suffered from the heat stress the most. There are stripes in the fairways where the turf has really thinned out.

I sent the fertilize program to a soil scientist at Sipcam to get a better understanding of why this has happened. According to him the liquid fertilizer I use is a 15-0-15, which is in line with our soil test because we are low on Potassium.

Along with the 0-0-28 used to protect the plant

from Pythium was too much Potassium causing the stomata to close and not allow the plant to exchange gasses. The soluble salts in the liquid fertilizer absorbed the moisture from the plant causing the plant to die. The inconsistent irrigation and excessive play have also played a role in the increased stress on the turf. The affected areas have been over seeded and have started to germinate before the poa seeds.

This fall I am planning on getting a few drainage issues resolved. Most of our drainage ditches need to be cleaned out to allow the water to flow properly. The ditches on hole 10 and hole 8 need to have trees excavated from the area. There are also several stumps that need to be ground out and soil and seed in their place. The cart path on 9 will also be paved and some patching or seal coating done on a few other paths. We are going to do our best to complete as many projects as we can while still maintaining the course first. Tree work can wait until late fall or winter.

I am low on employees this fall, if you know anyone who would be interested in working on the course or helping maintain the flowers please send them my way.

BMV asks customers to limit use of cash when possible

The Indiana Bureau of Motor Vehicles is asking Hoosiers to pay with a credit card or check when possible to complete transactions. The BMV is making this request because of the national coin shortage which has directly impacted its branches.

The United States Federal Reserve is experiencing a coin shortage that is currently impacting all Financial Institutions within the U.S. As a result, the BMV is unable to access additional coin inventory to replenish its supplies. The BMV required all branches to take steps to help mitigate the impact of the coin shortage several weeks ago and is now asking customers to use cash only when able to pay with exact change. At this time, branches are displaying signs identifying the situation and asking customers to use alternate forms of payment.

The Federal Reserve has not provided a timeline for the coin shortage to be resolved. They have stated they expect coin inventories to return to previous levels once the coin supply chain returns to normal circulation patterns.

Please continue to practice safe social distancing!

Ladies Operation 36 Golf Clinic Semester Registration Still Open!

Starting up this Fall, beginning on Wednesday, September 23 every Wed. & Thurs 5:30-6:30 p.m. for 4 weeks (8 Classes). Semester will be capped at 8 students and more information can be found on the Four Seasons Country Club Facebook page (search for "lofscc"). This is the first of many adult golf programs designed to introduce new golfers interested in the game and learn and develop their skills while getting comfortable playing and having fun on the golf course in a small

group setting.

- 2020 WGA/MGA Clash of the Titans Champions: Sherrie Matthews & Ed Faron
- 2020 MGA Clash of the Titans Champions: Dean Hill & Jim Dupratt

Congratulations both teams on a well-deserved victory enjoy your glory and be prepared to defend your titles going into next year as the field will be gunning for you!

NEW Arrivals: LOFS Community and Four Seasons Country Club Logo Headwear. The Golf Shop has received a large order of stylish headwear with both the golf course and the community in mind. Show your support in style, come

check out the gear.

LABOR DAY SALE! Friday, September 4 to Monday, September 8. The Golf Shop will be running a Holiday Weekend Sale on most of its in-stock Spring/Summer apparel! Discounts ranging anywhere from 25-75% off the original price on select new items in-stock and clearance apparel. Come on by and stock up on Christmas Gifts early this year.

Thanks for reading, and remember, keep your head down and follow through!
