

All sheds are required to be no more than 150 square feet and no more than 9 feet high. They must be placed a minimum of 8 feet from the sides of the resident's property line. There must be 25% of property free of any structure from the back of the resident's lot. (example: if a lot is 160 feet in length, the structure would be placed at least 40 feet from the rear of the lot.)

Permit application is available at the POA Office or on the LOFS website @ www.lofs.org
